In re. Patent Application of Lillard, et al.

USSN 10/712,398

Filed: November 14, 2003

Art Unit 1642

Title: Anti-chemokine and Associated Receptor Antibodies for Inhibition of Growth of Neoplasms

Response to Restriction and Amendment to Claims

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

June 13, 2007

This is a Response to the Office Action mailed July 14, 2006. The applicant hereby elects the invention of group 3, claim 9. Applicant further elects the species antibodies anti-CXCL13 and anti-CCL25. As to a single species election, applicant elects the species antibodies anti-CXCL-13. The claims are amended in accord therewith.
